

First South San Francisco Skyscraper Is Sought

By DON GRIERSON

South San Francisco planning commissioners received a use permit application for the city's first high-rise building Monday, and already the community is experiencing the pangs of urban development.

The Guy F. Atkinson Construction Company has submitted plans for a 10-story addition to its present office facilities at the northeast corner of West Orange Avenue and North Canal Street and expressed intentions of developing the 26-acre site as a "worldwide headquarters."

The site presently contains office buildings and the compa-

ny's equipment storage and maintenance facilities. Other temporary office quarters are maintained in Burlingame.

In presenting the use permit request Monday, Thomas J. Henderson, general manager for building and properties, said the firm intends to eliminate the equipment storage and service facilities, and develop the South San Francisco site as a mammoth head office complex "for our worldwide operations."

Plans presented Monday call for initial construction of an eight-story addition atop a portion of the present two-story building, with a roof-top cafeteria and meeting room and an

equipment tower to house elevator, central heating and air conditioning machinery.

The new addition will cost an estimated \$1.5 million, and will double the firm's present office space at the site.

The towering "wing" will rise 143 feet above West Orange Avenue, and extend 280 feet parallel to the street.

Though planning commissioners expressed general approval of the project at Monday's study meeting, the city's park and recreation superintendent, Robert Maxey, and special landscape architect John Hoffman are opposed to some aspects of the development.

The building site is located directly across the street from the Orange Memorial Park, and both Maxey and Hoffman contend the shadow cast by the proposed structure would deprive plant life in a large portion of the park of needed sunlight.

As proposed, the building will be located 25 feet from the curb of West Orange Avenue. Maxey and Hoffman recommended that it be set back 100 feet from the street to eliminate part of the shadow and also to provide parking space at the front of the building.

"I realize it is not fair to attempt to control sunlight and

shadow created by various structures," Maxey said. "However, it is my opinion that the shadow area in this case will be so great as to have an extreme detrimental effect in the landscape plantings presently in existence in the park."

He said the "sudden and drastic change" in the park's climatic conditions could conceivably result in considerable expense to the city.

"The second area of concern is the orientation of the front entrance to Orange Avenue at an extreme distance from the nearest service parking," he said.

"A great number of parking

stalls are supplied on the interior grounds, but no parking space is located at the front portion of the building oriented to the main entrance or control center," Maxey said.

"Both these problems could be solved by moving the office complex back 100 feet from the street frontage, and placing a small amount of parking between Orange Avenue and the building to act as a buffer, absorb the shadow area, and serve the immediate traffic and parking problems," he said.

Hoffman, a special consulting landscape architect retained by the city, made essentially the same points in submitting his

report, but added that the tall building will have a detrimental "environmental impact" upon people, as well as plant life.

"This should be viewed as the beginnings of a big city concrete canyon type environment," he said.

But planning commissioners and City Planner Daniel Pass did not share his concern, and the use permit is expected to be approved at next Monday's regular commission meeting.

Pass said he has been working with the architects on the project, Paul J. Gumbinger and Alfred Johnson, for several months, and the plans are "en-

Daly City Landmark Will Be Torn Down

A Daly City landmark was expected to be torn down within the next few months to make way for widening of Market Street.

The three storied wood frame structure was built around the turn of the century and is presently owned by Miss Lucy Callopy of Burlingame.

Originally used as a boarding house and saloon, the once handsome building was also a stopping off point on the San Francisco-points south stage line.

Since the end of World War Two the huge clapboarded home has been vacant, its only inhabitants flocks of homeless pigeons.

On several occasions a "for lease" sign has appeared in its partially boarded up windows, but there have been no offers.

Periodically Miss Callopy, who was born in the home shortly after its completion, has those windows broken by vandals replaced and the weeds cut down.

But time has taken its toll of the impressive building and here and there a board droops, (Please See Page 2, Column 4)

'Operation Santa Claus' Needs Toys

More than 500 children had a Merry Christmas last year thanks to the donations of North County residents to the "Operation Santa Claus" project composed of 21 civic organizations in Daly City.

The Daly City-Colma Chamber of Commerce in co-operation with the U.S. Marines and Daly City Fire Department annually solicits and distributes new toys to needy families at Christmastime.

Although the toys need not be expensive Chamber manager Peter Markovich said they would like to have only new toys.

Persons wishing to help make the Toys for Tots campaign a success again this year may send or take their contributions to the D.C.-Colma Chamber of Commerce office, 6454 Mission Street, or the Central Fire Station, Lake Merced Boulevard, Daly City.

Markovich said cash donations would also be accepted during the drive.

Congressman To Be Named Next Tuesday

San Mateo County voters will select their Eleventh Congressional District representative next Tuesday, in a race featuring Democrat Roy Archibald and Republican Paul McCloskey.

Over 220,000 residents of the county are eligible to vote. Polls will be open from 7 a.m. to 8 p.m.

Personnel will be at the Times' office in San Mateo to handle the usual avalanche of calls for results, which will be carried fully in the Wednesday issue of the daily.

Coast Town Hall Plans Are Detailed

Details for Pacifica's second annual Town Hall meeting for discussion of Drug Use and Abuse were announced this week.

The plan originated at a joint preplanning between representatives of the local youth clubs and organizations of the City, the local high schools and representatives from the civic and church groups.

The main reason for the joint approach in planning was to carry out one of the recommendations from last year's Town Hall meetings — that is, "listen to us."

At two subsequent meetings of the planning committee (composed of youths and adults) plans were discussed at great length on the Why, What, Where and How of the Town Hall meeting. Below is the program as of this date:

Charles F. Kettering once said, "When we talk about a difficult problem, all we are really saying is that we don't know how to solve it." Certainly the problem of drug use and abuse is a difficult one; and thus far, (Please See Page 2, Column 4)

Blaze Damages Church in Bruno

San Bruno arson squads were investigating a fire which caused some \$20,000 damage to the Congregational Christian Church of Samoa at 940 San Mateo Avenue early Tuesday.

Officials said preliminary investigation has revealed the fire started "somewhere in the vicinity" of a heater in the living quarters of the church, but were not positive what touched off the blaze.

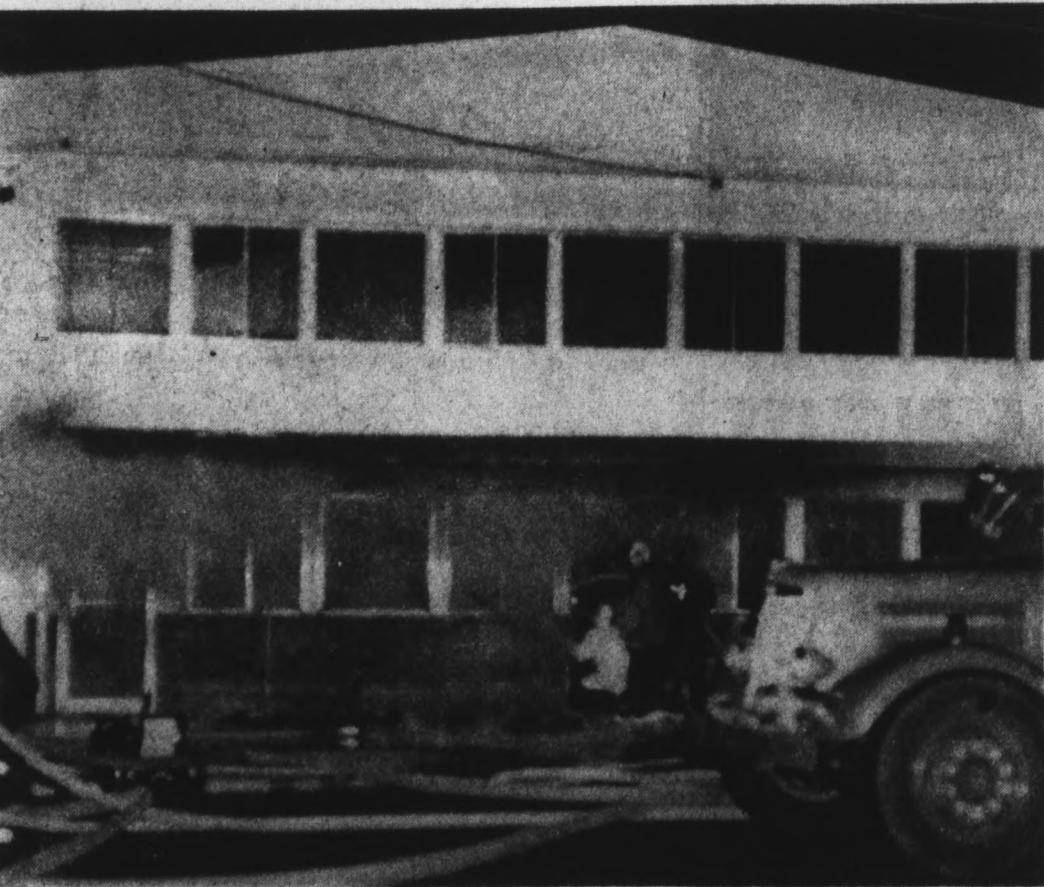

The fire was spotted by R. L. Moore, of 847 Masson Avenue, San Bruno, as he walked past the church shortly before 4 a.m. this morning.

By the time fire units arrived flames were pouring from upper floor windows.

Housewife's Hand Torn In a Mixer

A South San Francisco housewife was treated for severe hand lacerations at Kaiser Hospital Monday, after her hand was mangled by an electric mixer.

Mrs. Julia Byers, 743 Larch Avenue, was injured about 4 p.m. while preparing a cake, according to police accident reports.

SAMOAN CHURCH GUTTED — An early morning blaze gutted the Congregational Christian Church of Samoa at 940 San Mateo Avenue, San Bruno, causing some \$20,000 damage. The church is the center of worship for the North County's Samoan community and was constructed several years ago. Cause of the fire is still under investigation, a fire department spokesman said. Although arson has not been ruled out, the cause of the blaze was believed to be a defective heater in one of the living quarters of the church. (Post Photo)

Planning Committee Reports; Nothing New

Few Solid Suggestions By DC Unit

By FRANK LAPIERRE

A 41-page report compiled by a blue ribbon panel of Daly City citizens over the past two months, concerning future needs of the city, has revealed few new ideas or facts not already known.

The 55 citizens appointed to the General Plan Citizens' Committee by the city council expended an estimated 700 man-hours during 30 meetings to spell out in detail various problems affecting the city — but made few solid recommendations on how to solve them over the next few years.

The citizens' committee was the idea of Lawrence Livingston Jr., of Livingston and Blaney, professional planning consultants, who have been contracted by Daly City to conduct an extensive General Plan for the city at a cost of some \$110,000.

Seven subcommittees under General Chairman Leonard Brown were established to investigate business and industry; community appearance (beautification); health care; parks and recreation; residential development; schools, libraries and cultural facilities; and traffic and transportation.

Discussions ranged from the immediate annexation of Brisbane and the Crocker Industrial Park to the employment of a fulltime Chamber of Commerce manager.

Few new ideas or facts resulted from the survey, however (Please See Page 2, Column 1)

SUBCOMMITTEE CHAIRMAN for the citizens' panel appointed by the Daly City council to study trends throughout the area and offer suggestions for possible incorporation into the General Plan presently under study by a professional city planning consultant, handed over their findings to city planner Edward Lawson (far left) last week. The various reports were compiled into a single report and subsequently turned over to the council for study before being forwarded to the planning firm of Livingston and Blaney. NEW D.C. SCHOOL

'Team Teaching'

Another North County school will return to the "one-room schoolhouse" system of education next month when the Jefferson Elementary District's new Woodrow Wilson unit opens in Daly City.

The new building is designed for the "co-operative teacher" method of instruction, a system which places several groups of children and teachers into one large room or "cluster."

Though the "team teaching" idea is not new (it was utilized as long ago as the 1920s, according to Woodrow Wilson principal Peter Hansen), the system involves some rather revolutionary ideas when considered within the modern educational context.

The 120 children in each "cluster" at Woodrow Wilson will be divided into four groups, with one teacher for each group.

Both the children and the teachers will rotate from group to group during the course of a school day.

Teachers will be allowed to instruct in their preferred area or "specialty" to a great extent, and students will be grouped in classes according to achievement, Hansen said, and "not necessarily by grade."

"This system is about as close as we can come to eliminating the grade concept and still make it work," he said.

Students at Woodrow Wilson will be divided into three clusters, with either two or three

grades represented in each cluster.

Citizens Planning Panel Submit 41-Page Report

(Continued From Page 1)
this was the first time varied findings had been compiled into a single report.

In making recommendations for development at the top of Mission Street, the subcommittee, headed by P. Evert Termine, noted there was an immediate need for off-street parking, but added available parking is not being properly utilized because area merchants were using parking facilities for their own vehicles.

It was suggested revenues from parking meters be used to aid in the alleviation of this problem, or by borrowing some \$900,000 and utilizing the current revenues from both meters and parking fines to amortize a bond issue within 25 years.

If sufficient parking was available at the top of Mission Street the committee felt retail businesses in the area (which have been on the decline for the past few years) would remodel their facilities, thus causing the retail trade to expand.

Most of the recommendations made by the subcommittee concerning the Mission Street area have been voiced by Councilman Frank Pacelli during recent years, along with the problems facing redevelopment of the neighborhood.

Termine's subcommittee pointed out the need for industrial development in Daly City was great.

"In view of the almost total lack of existing industry and available land for this type of development," it was recommended the Daly City move immediately to annex Brisbane and Crocker Industrial Park.

Brisbane officials were not available for comment on the recommendations, but have expressed their opposition to such annexation in the past when it was suggested.

Although the city performs extensive services to the Cow Palace, it realizes little from revenues taken in by the facility, it was pointed out.

The subcommittee recommended the Cow Palace share with Daly City part of the revenues realized, inasmuch as the exhibition hall is run as a commercial enterprise and not solely as originally intended — as a state non-profit facility.

Larger streets in the city should be divided by shrubs and water fountains placed at strategic locations to enhance the beauty of an area, the subcommittee on Community Appearance recommended.

It was further recommended signs painted on the sides of buildings be outlawed.

The "preservation of the top of San Bruno Mountain" was likewise discussed and it was suggested a portion of the landmark be converted into a public golf course and some 100 acres be used as a park.

The rock hill behind the Our Lady of Perpetual Help Church on Wellington Avenue was labeled "an eyesore" by the committee and suggested it be cleared away. Selling the material for fill would defray costs of the project, it was explained.

To promote "Big Business" in Daly City it was suggested a full-time chamber manager be hired. A similar suggestion was made to the general membership of the chamber only recently and turned down in favor of the present system.

In the health care subcommittee report it was noted there appears to be no immediate need for a complete medical care facility for at least five years. It was further pointed out that the North County has a sufficient number of hospitals to accommodate the area for at least ten years.

The subcommittee went into great detail on the present health needs of the community and what various agencies were doing in the areas of aftercare services; emergency facilities; partial hospitalization; children's services, and environmental and design factors.

Parks and recreation facilities in the city are not adequate, the subcommittee on Parks and Recreation felt.

They felt six pools should be constructed in different areas of the city, along with gymnasiums complete with multi-purpose rooms to be built in four sections of the city — Serramonte, Bayshore, Westlake Park and the area of Knowles Avenue between Mission Street and Junipero Serra Boulevard.

The five-member committee revealed the Bayshore District has no recreation facilities within the city (although they failed to note McLaren Park and the Crocker-Amazons playgrounds are on the San Francisco side of Geneva Avenue).
An auditorium that would seat

some 2,000 persons, where conventions and sports events could be held, would not only satisfy a need for such a facility, but would provide revenues, as well.

The subcommittee on Residential Development reported they were unanimously against any urban renewal projects in Daly City and branded such projects "less than satisfactory."

"Indeed, they (urban renewal projects) seem to compound the problems of the elderly, the handicapped and the socially indigent," the report stated.

Improved lighting, new street signs and sidewalk improvements were recommended for the older sections of Daly City.

The committee generally approved present development plans in the newer areas. They found, however, housing for low income groups in a adequate throughout the city.

They supported the need for schools in both the Colma School area (north) and the St. Francis Heights area.

The subject of the city's present bus system was rapped by the committee, with all members "generally agreed... the system is highly inadequate."

Girl Dies In Bruno Accident

In three weeks it will be Christmas and children everywhere have a ready caught the spirit and are flocking to stores to look over the toys Santa will carry on his rounds the night of December 24.

Perhaps little Mary Ann Sullivan and her neighborhood friend, nine-year-old Janet Pimlott, were discussing the upcoming event en route to their San Bruno homes from a nearby shopping center when they started across busy Skyline Boulevard at 5 Friday afternoon.

Halfway across the thoroughfare the signal turned red and the two little girls waited for a line of cars to make a left turn before continuing across — against the red light.

Northbound on the heavily traveled road, Kathryn M. Moreno, 26, of 70 Avalon Drive, Daly City, slowed her car as she approached the intersection. As she again started to accelerate, the running children dashed in front of her.

Janet, daughter of Mr. and Mrs. P. C. and Hazel Pimlott, of 2425 Oakmont Drive San Bruno, was knocked some 67 feet into a traffic light pole and killed instantly. Her friend lay crumpled 20 feet away with internal injuries and two broken legs.

Hospital authorities at Mary's Help Hospital where the children were rushed following the tragic accident said ten-year-old Mary Ann, daughter of Mr. and Mrs. B. J. Sullivan, of 2424 Oakmont Avenue, San Bruno, was "doing as well as could be expected" in the hospital's intensive care unit.

Besides her parents Janet is survived by two sisters, Cathline and Gail; a twin brother, Rod; and her grandparents, Mr. and Mrs. A. C. McDonald of Calgary, Alberta, Canada.

Funeral services are pending at Chapel of the Highlands in Millbrae.

Building Up In San Bruno

The upward trend in building activity continued last month in San Bruno, with permits issued totaling \$143,149.

Permits issued during November, 1966, totaled \$85,539. Last month's figures brought total building for the first 11 months of this year to \$9,913,629. Building totaled only \$3,567,787 for the first 11 months of 1966.

Permits issued last month included two new commercial building projects, 23 residential alterations and five commercial alterations.

moss grows from parts of the roof and the chimney pipes have turned rusty brown.

Miss Callopy has made no secret of her love for the old building and officials fear they will have a fight on their hands when it comes time to negotiate for the property.

Which agency will have the duty of approaching the owner concerning acquisition of the land is still in doubt, with some officials expressing the hope their office will not be saddled with the task.

Daly City clerk Anna Ohlen-

dorf's grandfather, August Rebein, was the architect on the building. The name of the building has been long since forgotten.

Excluding the land costs — and the time required to acquire the property — total costs for the street improvement is expected to be some \$50,000.

The modernization will include signalization of the busy Market Street — Mission Street — San Pedro Road intersection, plus the tearing down of another structure built in a bygone era and likely filled with many memories for its owner.

there does not appear to be any solution to the problem.

The purpose of this meeting is not one of solution, but a step toward improving communications through better information. Without information nothing can be solved. Therefore, we are attempting to gather as much information from as many sources so that everyone will be able to discuss the many issues of the problem with some degree of knowledge and understanding.

Taking part in the meeting will be the Rev. Robert Craney, minister, Episcopal Diocese, San Francisco; Dr. Fred Meyer, Pharmacologist, U.C. Medical Center; Mr. Jerry Read, Eight-Ashbury Free Clinic; Mr. Andy Baker 7-step foundation; Dr. David Schwartz, psychiatrist, San Mateo County Mental Health Department; and Mr. Matthew O'Connor, Supervising Agent, Bureau of Narcotics Enforcement.

A panel composed of the above people discussing their individual experience with the problem of drug use and abuse, followed by small discussion groups composed of ten adults and ten teenagers, moderated by students from the University of San Francisco, San Francisco State College, and College of San Mateo. After this activity

the groups will reassemble for a question and answer period.

An optional activity will be the showing of "LSD-25" and possibly another film for those so inclined.

This meeting will take place at Oceana High School, Pacifica, California, December 9, 1967, at 9:00 a.m. to 1:30 p.m.

Video-tape personnel from San Francisco State College, working under the direction of Mr. Layton Jones of Oceana High School Science Department, will record for instructional use much of the day's discussion.

Mr. Ed Hart, KRON-TV News Commentator, will act as panel moderator for the afternoon session.

Mr. George Hinkle, Assistant Principal-Instruction Terra Nova, is the chairman of the program.

firm has made a number of concessions in the plan, including the provision of "more than adequate" off-street parking facilities, and the plans submitted Monday represented the seventh revision.

Henderson said current projections call for completion of the addition by September, 1969. At that time, the firm's office facilities in Burlingame will be transferred to the South San Francisco headquarters.

About 300 persons are now employed at the South San Francisco offices and 60 at the Burlingame office.

The planners will also consider another use permit application for construction of two large apartment buildings next week.

The permit request, from Club View Apartments, is for two structures containing 234 units on the southwest side of El Camino Real south of Camarillo Drive in a "U" district.

This development, if approved, will be more than twice the size of any apartment complex now in existence in the city.

'Team Teaching' Planned in New Daly City School

(Continued From Page 1)
will not be partitioned, and both students and teachers will change groups simply by walking across a "commons" area in the center.

Teachers will have no "home rooms" as such, and will perform their administrative duties at desks in a special preparation area adjacent to the commons.

Grading, like other aspects of the program, will be a co-operative undertaking.

"Probably the most important aspect of the co-operative teaching program is the delegating of additional planning and administrative responsibilities to the classroom teachers," Hansen said.

Teachers participating in the Woodrow Wilson project have been involved in extensive planning activities for several months, he said, and have been required to formulate their own programs.

The teachers have been selected with great care, the principal said, and the district administrative staff has attempted to achieve a balanced group.

"One of the chief advantages of the team-teaching system is that it affords teachers with an outstanding talent in a particular area an opportunity to reach a greater number of students," Hansen said.

"For instance, a teacher who is strong in mathematics will teach mathematics to 120 students instead of 30," he said.

While teachers participating in the co-operative program are allowed considerable flexibility in their methodology, they must also be willing to contribute extra time to their duties.

"This is no undertaking for a clock-watcher," Hansen said.

The team-teachers will be ex-

pected to meet 30 minutes each day outside class hours to coordinate activities. They will also hold one two-hour staff meeting each week, he said.

Two other North Peninsula elementary schools, Fairmont and Portola School in Pacifica, are already utilizing the co-operative teaching method.

Miriam Swett, principal at Fairmont Elementary, where the program has been in effect three years, says she is generally pleased with the results obtained at her school, though there are certain disadvantages.

"The system allows a great deal of individual attention for the students, and enables teachers to group the children according to their needs, instead of artificial factors such as grade level," she said.

In addition to the grouping flexibility, Mrs. Swett feels there is a definite advantage in allowing elementary teachers to reach more children with their "teaching specialty."

Police Break Up Brawl in San Bruno

A young San Bruno man was arrested early Saturday morning after police quelled a street fight at the intersection of Santo Domingo Avenue and El Camino Real.

Officers arrested Lloyd MacLean, 21, of 133 Santo Domingo Avenue, after he allegedly struck out at patrolmen with his fists, then tore the upholstery from the interior of a patrol car.

MacLean and about six other men were fighting and arguing in the street about 1:30 a.m. when neighborhood residents telephoned police.

Several policemen responded to the call, and ordered the boisterous group to disperse.

As the other six men left the scene, MacLean began using abusive language to the patrolmen, according to police, and they told him he was under arrest for public drunkenness and disturbing the peace.

After he began fighting the officers, they told him he was also charged with resisting arrest.

When they finally succeeded in forcing him into the patrol car, he began kicking the sides of the car and tore the headliner out, according to the police report. He was then charged with malicious mischief.

MacLean was to be arraigned today in North County Municipal Court.

Boy, 5, Killed In Accident On Coastside

Five-year-old Steven Blevins was crossing a Pacifica street to join an older brother shortly before noon Saturday and apparently did not see an oncoming car, police said.

Young Blevins was pronounced dead on arrival at Mary's Help Hospital in Daly City after being struck down by a car driven by another Pacifican, John D. Ervine, 31, of 1581 Beach Boulevard, Apartment 3, according to Pacifica police.

The accident happened at 11 a.m. in front of 115 Paloma Avenue, as Ervine drove westbound on Paloma at an estimated speed of between 15 and 20 miles an hour, police said.

Steven was found by responding police and firemen lying in the street about 10 feet from the north curb, after being hit by the right side of the Ervine vehicle.

S.S.F. Stalls On Service Station Bid

South San Francisco planning commissioners last week instructed the city's architectural committee to withhold approval of plans for a service station in the Westborough Community unless the plans conform to the "architectural and design standards manifested by the approved plans of Westborough Square."

Commissioners recommended that no permit be issued for the service station, to be located at the northwest corner of Westborough and Gellert boulevards, but the city council overruled their position several months ago.

The proposed station site is located across the street from the planned Westborough Square Shopping Center.

CHRC To Clamp Down On Absentees

The County Human Resources Commission, beset by chronic absenteeism of its members, moved last week to tighten its requirements.

The group recommended a change in its bylaws to make expulsion automatic upon two consecutive unexcused absences in any six-month period or a total of four absences in a year.

Presently a seat is vacated upon three consecutive absences and there is no limit on the number of annual absences. The commission, which co-ordinates federal anti-poverty programs meets once a month.

One member, Antonio Montoya of South San Francisco commented that attendance has been "dismal." He pointed out that two meetings had to be called off because not enough members showed up to make a quorum.

Fire Burns Out 2 DC Firemen

Two off-duty Daly City firemen were burned out of their apartment early Thursday in a blaze so smoky many occupants of No. 5 Coronado were evacuated.

The fire, believed to have started in the living room of fireman Willis Spencer and Thomas Mackerracher, in Apartment 118, was extinguished by Spencer.

Using a fire hose line from the first floor hallway of the building, Spencer had the blaze out by the time his colleagues from Central Station Number 2 station arrived.

Spencer and Mackerracher were asleep when the fire started shortly before 3:52 a.m.

Described by a fire dispatcher as "pretty hot" and "one of the smokiest," the fire gutted the living room and burned its contents, and caused heat and smoke damage in the apartment hallway, kitchen and bedrooms.

Thick smoke filled the building on all floors.

AAUW Fellowship Auction Is Today

The home of Mr. and Mrs. Julian Reinhardt at 135 Natqua, Pacifica, recently was the scene of holiday glitter.

Mrs. Reinhardt, Mrs. Hugo Holstrom, Mrs. Marvin Dutton and Mrs. George Goldeu put

the finishing touches on some of the items to be sold at the Public AAUW fellowship auction, at the Pacifica Library 8 p.m. today.

Some of the more interesting recipes will be lebkuchen, pfeffernusse, pumpkin chiffon pie, bourbon balls, frosted filberts and Hoot 'n Holler Whiskey Cake.

Also to be featured will be holiday foods and punch.

Proceeds from the auction will help support the graduate fellowship program of AAUW, a program supplying over \$706,000 in aid to women in America and in other countries in 1967-68.

There are four American Fellows and four European Fellows studying at colleges in North Carolina.

New Scout Unit Active

North San Mateo County's newest Scout unit held its first meeting recently when boys, parents and leaders of Cub Pack 181 met at the South San Francisco Ward, Church of Jesus Christ of Latter Day Saints in Millbrae.

THORNTON HIGH SCHOOL students in Daly City are shown studying new set of a modern encyclopedia, a \$25 gift from the Daly City-Colma Kiwanis Club. Left to right, seated, are students Marilyn Coleman, Shirley Lawrence, Patrick Barragan, Cornel Foster, Sandy Terwilliger, Mike Williams

and Kath Vasella; standing are Don Ellingson, Guido M. Barragan, Principal Floyd Gonella, Kiwanis president Herb Cahn and Gary Chalmers. Gonella pointed out that a limited budget prohibited the school from purchasing its own reference materials. (Post Photo)

14-Karat Cake

Good morning, good cooks.

The question before the house is, "What in heaven's name happened to the dark fruitcake recipe last week?"

It's as much of a mystery and twice as frustrating, to me as it is to you. While the amounts in the method were correct, the list of ingredients contained typographical errors and the recipe was so cut up I know you wouldn't want to attempt it.

The object of this column is to pass on to you recipes that I have tested, enjoyed and want you to try.

The amounts are repeated in the method as a check on the ingredients. If you have any questions just call! Our Girl Beverly (992-2262) has a copy of the original.

★ ★ ★

HOPE ALL OF YOU enjoy baking such goodies as cakes, cookies and candies because with Christmas near, this column, during December, is going to be really "Sweetsville."

Today we'll talk about cakes.

Received a letter asking for a recipe for a carrot cake. Here's one that is the most delicious I've ever tasted! It's dark, rich and spicy and would be perfect for Christmas entertaining.

14-KARAT CAKE

- 2 cups flour
- 2 cups sugar
- 2 teaspoons soda
- 1½ teaspoons salt
- 2 teaspoons cinnamon
- 1½ cups cooking oil
- 4 large eggs
- 3 cups grated, uncooked carrots

Sift together in a large mixing bowl the two cups each, flour, sugar, and the two teaspoons soda, one and one-half teaspoons salt and two teaspoons cinnamon. Add the one and one-half cups cooking oil. Add the four eggs, one at a time, mixing well after each addition. Stir in the three cups grated carrots and mix well.

Bake in a greased and floured 9x13-inch pan in a 350-degree oven for 35 to 40 minutes.

FROSTING

- ½ lb. sifted confectioner's sugar
- 3 ounces cream cheese
- ¼ cup butter (that's ½ cube)
- 1 teaspoon vanilla

Cream together the three ounces of cream cheese and one-fourth cup butter. Work in the half-pound confectioner's sugar and add the teaspoon vanilla.

Double this recipe if the carrot cake is made in layers.

★ ★ ★

OF ALL THE CAKES I've had in this column, the favorite by far is the famous Red Velvet cake that Mrs. Rena Noero, who lives at 23 Westdale Avenue, Daly City, suggested. And Christmas is a perfect time to serve this delicious, unusual cake—with its dark red, velvety color and white creaming frosting.

RED VELVET CAKE

- ½ cup shortening
- 1½ cups sugar
- 2 eggs
- 2 teaspoons cocoa
- 2 ounces red food coloring (that's right, that's two one-ounce bottles)
- 1 teaspoon salt
- 1 teaspoon vanilla
- 1 cup buttermilk
- 2½ cups sifted cake flour
- 1½ teaspoons vinegar
- 1 teaspoon soda, level

Cream the one-half cup shortening with the one and one-half cups sugar, add the two eggs and beat well. Combine the two teaspoons of cocoa with the two ounces red food coloring and add this to the creamed mixture. Mix the one teaspoon each of salt and vanilla with the one cup of buttermilk and add alternately with the two and one-half cups cake flour to the creamed mixture. Next mix the one teaspoon of soda and the one and one-half teaspoons vinegar and fold into mixture. Do not beat.

Bake in two 9-inch greased and floured pans. Bake 30 minutes in a 350-degree oven. Cool and frost with this delicious frosting.

FROSTING

- 5 tablespoons flour
- 1 cup milk
- 1 cup granulated sugar
- 1 cup butter
- 1 teaspoon vanilla

Combine the five tablespoons flour and one cup of milk in a saucepan and cook over medium heat until thick, stirring constantly. Let cool until cold. Cream together the one cup each sugar and butter and add the teaspoon vanilla. Next add the cold flour mixture. Beat until the consistency to spread. When finished it looks like whipped cream, but in the beginning it has a curdy look.

★ ★ ★

THIS LAST CAKE is a fruitcake with something different added, chocolate bits. It's delicious and very easy to make. I don't know where it got its name, but it's so delicious it is fit for a bishop, a knight or a king.

BISHOP'S CAKE

- 3 eggs (well beaten)
- 1 cup granulated sugar
- 1½ cups sifted flour
- 1½ teaspoons baking powder
- ¼ teaspoon salt
- ¼ lb. semi-sweet chocolate bits
- 2 cups coarsely chopped nuts
- 1 cup coarsely chopped dates
- 1 cup halved candied cherries
- 1 cup cut-up candied pineapple

Combine the three well-beaten eggs and the one cup granulated sugar, beating well. Sift together the one and one-half cups flour, one and one-half teaspoons baking powder and one-fourth teaspoon salt.

To the dry mixture add the one-fourth pound chocolate bits, two cups nuts, one cup each dates, cherries and pineapple. Fold in egg mixture. Pour into 9x5x3-inch loaf pan, ungreased, line the bottom two layers of waxed paper.

Bake for 1½ hours in 325-degree oven. Test for doneness with a straw.

South City Home For the Feneches

Six attendants preceded Teresa Ann Di Vita down the aisle of St. Robert's Church in San Bruno for her recent marriage to Ronald Joseph Fenech.

TERRA NOVA TOPICS

Telling Differences

By MARIA MONTENEGRO
City mouse meets suburban mouse tomorrow at San Francisco State College when two Terra Nova English classes and two San Francisco classes get together for an extensive discussion program.

One of Mrs. Eilene Pitto's freshman classes and Mike Cassidy's sophomore class will meet classes from Balboa High School and Benjamin Franklin Junior High.

The students will discuss current cultural problems in small discussion groups. Their evaluations of the program will later be compiled into a report. Included in the program will be a film on poverty conditions in San Francisco.

San Francisco State's speech and education departments will help with the coordination and evaluation. Layton Jones will film the program for the Jefferson High School District's educational television.

The program is designed to bring out the differences in outlook between suburban and urban students.

CHATCHARIN STONDI, an American Field Service exchange student from Thailand, will be special guest at this Friday's TN AFS Club meeting. "Rina" is attending Capuchino High School this year while living with the Herman

Benner family of Millbrae. She will join AFS members this Sunday for a bike excursion at Golden Gate Park.

Pacific families interested in offering their homes to a foreign AFS student next year can contact Richard Ault at 871-9887 or Mrs. Dora Payne 355-6465 (after 7 p.m.).

CANCY CANE CAPER is the name of the dance, The Sweet Brotherhood Corporation is the name of the band for this Friday's Christmas Dance at Terra Nova. Sponsored by the senior class, the dance begins at 8 p.m.

CALIFORNIA SCHOLARSHIP FEDERATION members visited Stanford University last Monday. Added benefit was a day off from school.

LAST WEEKEND'S performances of "Murder Takes the Veil" scored up another success in Terra Nova's roster of drama productions. The mystery was grippingly performed by an able student cast under the direction of TN drama instructor David Campbell. Student director was Kathy McLain.

Couple Recites Promises

At home in San Francisco after a wedding trip to Palm Springs are Mr. and Mrs. Frederick Friden Carroll (Marilyn Mae Monin).

The bride is the daughter of Mr. and Mrs. Victor Wallace Monin whose Pacifica home

was the setting for the wedding. Only immediate family members were on hand for the 6:30 p.m. ceremony conducted by the Rev. H. D. Harkins. One hundred and fifty friends and relatives were on hand for the

reception at the House of Lawton in San Francisco.

Marilyn recited her vows in a street length creation of pleated ivory chiffon over taffeta with long chiffon sleeves. A border of ivory crocheted lace edged the bodice, sleeves and hemline; she added a matching lace mantilla.

Pamela Monin, her sister's sole attendant, wore an original design of Indian Sari silk in lime green accented with gold embroidery.

George Berg of San Bruno was best man for his brother-in-law.

The new matron was graduated from Terra Nova High School and majored in secretarial sciences at the College of San Mateo. She is the granddaughter of Mrs. Florence Monin of South San Francisco and Jack Berel of San Francisco and is the sister of Pamela, Denise, and Kelly Monin.

Frederick is the son of Mrs. Frank Thacker of Carmel and Frederick Carroll of Santa Cruz and Mr. and Mrs. Sam Bullerwell of San Francisco. He is the brother of Mrs. George Berg of San Bruno, Christopher Carroll of San Francisco, and Robert, Richard, and Cherie Thacker of Carmel.

Frederick, who lived in San Mateo before his marriage, was graduated from Carmel High School and attended the University of Maryland and the College of Air Force duty, he plans to return to school in the spring.

Mizpah Profit Goes to 'Hope'

Mizpah Fellowship, whose orange pumpkin booth won second place at the recent Linda Mar Community Fair, has donated the award money, plus profit from their cotton candy sale, to the SS. Hope.

Some months ago, one of Mizpah's program meetings featured guest speakers Dr. Robert Power and Augustus Chang of the staff of the International Hospital Ship "Hope."

The SS. Hope, after a distinguished naval career, is now still dedicated to caring for the sick and injured, staffed by volunteers. She travels the waterways of the world as requested, assisting foreign countries with instruction in the latest medical practices and techniques.

The advances in international health and welfare that are being accomplished by this retired U.S. Navy hospital ship and her staff struck a responsive note in the Mizpah members and they decided to utilize the first possible opportunity for a concrete expression of their interest and concern.

Mizpah regularly raises funds for scholarships and recreation projects, in addition to sponsoring the Pacifica Blood Bank.

Westmoor Group Planned

PARENTS of the members of Westmoor High school's bands will meet tomorrow at 8 p.m. to discuss the formation of a service group devoted to the music department, according to information from Mrs. Peter Markovich, a member of the steering committee seeking to charter such a unit.

Mrs. Mark said the steering committee met recently to discuss the needs of the department of music and to settle upon an agenda for an organizational gathering. Other members of the committee were Mr. and Mrs. Sherry Harthill, Dan Hoefler and Mrs. Berniece Summers.

Interested parents are urged to attend tomorrow evening when the first meeting is held in the band room at Westmoor. Goals and the objectives of the proposed organization will be formulated, Mrs. Markovich said.

GINGERBREAD MEN, made from an heirloom recipe, will be one of the highlights of the cookie and candy sale being held this Sunday after all the masses in the parish hall at Our Lady of Mercy Catholic Church.

The jauntily little men of spice will be the handiwork of Mrs. Matt Nardinelli of Woodland who will make the trip to Daly City so that she may donate her specialty to the pre-holiday sale. Mrs. Nardinelli is the mother of Mrs. Richard Locke, the sale chairman.

Mrs. Molly Galliani, publicity chairman for the Westlake Catholic Women, said the event will find the widest imaginable variety of goodies displayed before prospective buyers. In addition to cookies, candies and numerous types of fancy breads and cakes the festival committee project will offer a boutique for shoppers interested in holiday gifts and decorations and an assortment of swags to decorate holiday halls and doors.

Donations to the sale will be accepted on Saturday between 10 a.m. and 4 p.m. by Mrs. Locke and her committee members who will be working in the parish hall.

Mrs. Galliani stressed that the sale is open to everyone and non-members of the parish are cordially invited to drop by and browse.

Before settling down to their baking tasks, members of the Westlake Catholic women are treating themselves to a day of fun and relaxation. Two bus loads of members and their friends will leave for Bay Meadows before noon today to enjoy the "sport of kings" and an elegant buffet in the Turf Club.

MEMBERS OF BETA SIGMA chapter of Epsilon Sigma Alpha sorority are busy stuffing stockings for Santa (Walter Misterman) to distribute to patients in San Francisco's Laguna Honda home on Christmas Eve. Members of the sorority and of the St. Francis Square Dance Team will be on hand to help the oldsters celebrate the holiday.

This month's meeting will be held in the home of Mrs. Della Divers and the special event on the agenda is a white elephant sale. CALLING ALL HOMEMAKERS

By DONALD C. WAITE

THERE IS NOTHING LIKE THE "TRUTH"

We are not moralists, but any reputable and successful furniture dealer or decorator knows that it is simply a matter of good business to be truthful in dealing with his customers.

Occasionally there are furniture dealers who are apt to make exaggerated statements in their advertising or to their customers concerning price reductions or the quality of the goods they are offering; but, these dealers learn that these misstatements eventually hurt only themselves and bring about not only the loss of the sale but the loss of the good customer as well.

Some salesmen, in their desire to make the sale, are inclined to "oversell" the item. Some of them think this to be a form of salesmanship. They are only fooling themselves if they make any statement, claim or guarantee which they know cannot be kept.

If it takes 8 to 10 weeks for a factory to make a certain sofa or chair in a selected fabric, it is best to tell this to the customer. Most of them will be patient and wait the required time in order to get exactly what they want.

This truthfulness is the very element which creates the atmosphere of integrity in any business and the reputation for honesty without which no business can succeed.

The slogan of the Advertising Clubs of America is "Truth in Advertising." A good businessman is truthful in all of his dealings and we always try to serve you in this way. You may have peace of mind when you buy from us.

THE JEFFERSON SCENE

Pupils Talk About Boundaries

By WENDY WOOLERY
Many things face the Jefferson High students, such as the boundary problem, money-for-Christmas, term reports due before vacation starts, jobs for Christmas money, time to do homework while trying to hold down a job, etc.

The most talked-about issue on campus recently is the boundary problem involving Jefferson, Serramonte, and Westmore. Work will begin on the new school in Serramonte next year to help Westmore with its overcrowding.

Also Jeff must be racially "balanced."

Serramonte will be completed and ready, hopefully by 1969, so the Board of Trustees must come up with new boundaries or a solution to the two major problems by the middle of this month.

As a result, the four classes at Jeff — Freshmen, Sophomores, Juniors, Seniors — had special meetings during class time so Principal Ernest Ribera could explain the significance to Jeff of the whole problem.

LAST WEEK students and faculty alike were surprised to see a figure, draped in white, roaming through the halls, visiting various rooms.

"It" would stop at the doorway and just stand there, looking at the students. When questioned as to his name, his intentions, his destination, his origin, he would just stare blankly at them and leave. ("It" was completely covered.) "It" was an experiment in the Reaction of Human Behavior to Strange Things, and "It" was Norm Garcia. Jeff Wentworth headed the experiment.

THE NEXT DRAMA production at Jeff will be Thursday and Friday. The play title is "How a Fat Girl Loves," written by Rich Talavera, a student at Jeff.

Nora McDougal is cast as the lead with Tom Winterhalter, Debbie VonHermann, and the author featured in other parts.

Talavera is a sophomore and the son of Mr. and Mrs. Frank Talavera of 468 Willits in Daly City.

THE RESULTS of the Preliminary Scholastic Aptitude Tests given to juniors, nationwide, arrived at Jeff early last week. From the score he received, a student can check his percentage, in relation to juniors of the same sex throughout the United States.

OUR MASCOT, Monita Lemon, has an extra honor — that of being the Jeff representative on the Emporium High Board.

Monita is the daughter of Mr. and Mrs. Ramon Lemon, 488 B Street, Colma.

THE SKI CLUB of Jeff is going to the snow, finally, at

Homestead, December 10.

SPANISH, GERMAN, and French are the three main languages covered by the International Club.

The officers — Gail Harada, Lisa Gutierrez, Wendy Woolery, Sandy Swartzgahrt, and Charley Jolibette — have come up with about three activities a

month for the club of 40 members.

DECEMBER 11, is not just another school day in the lives of the Jefferson students: It's the day the KYA Radio One-Basketball Team returns to Jeff at 8 p.m., to face our faculty.

The game will be played for

the enjoyment of the students, adults, teachers and One-ders. Thus, some of the rules will be overlooked — like a two-foot technical foul shot by Principal Ribera.

Proceeds will go into the student body fund for activities during the rest of the school year.

Franklin P-TA Meet

Benjamin Franklin P-TA will present its annual Christmas program December 13 at 7:30 p.m.

The multi-use room will be decorated by art classes in keeping with this year's theme: "International Christmas."

The seventh and eighth grade glee clubs will sing and the school orchestra will perform.

Dist. Supt. Frank Greenwood will be guest speaker.

China Talk In S.S.F.

The provisional League of Women Voters of North San Mateo County has scheduled a public discussion of China for 10 a.m. today at the South San Francisco Library, 840 West Orange Avenue, South San Francisco.

Dr. David Maynard, the guest speaker, is a social science teacher at Foothill College who served with the Foreign Service Office of the U.S. State Department from 1941 until 1969.

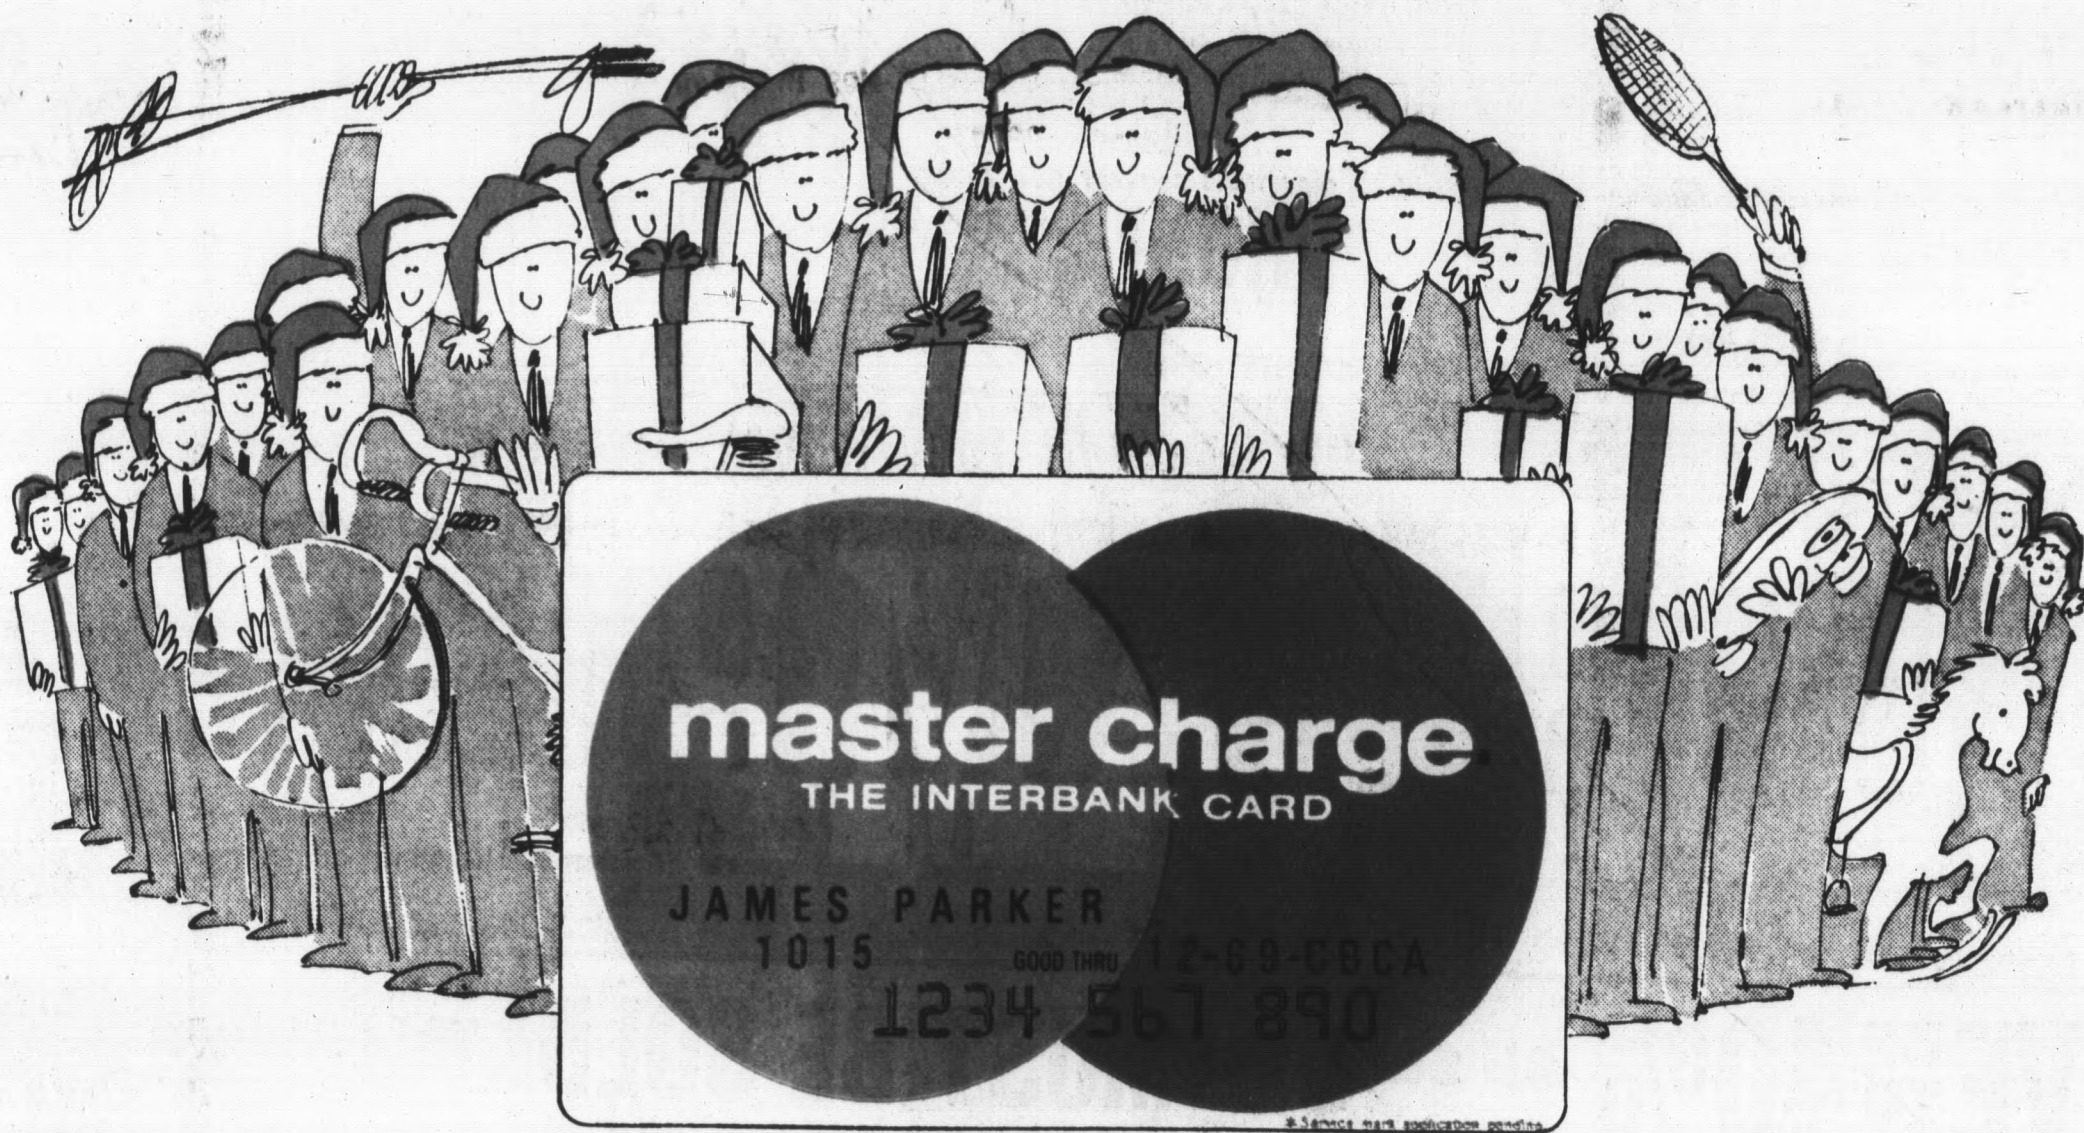

Candidates To Talk To 'ght

A free public congressional candidates' night is being sponsored by the Provisional League of Women Voters of North San Mateo County at 8 p.m. today at the El Camino High School Little Theatre, 1300 Mission Road, South San Francisco.

Voters will hear and question Paul "Pete" McCloskey and Roy Archibald, the two candidates for the Eleventh District Congressional seat.

THE WESTMOOR WHIRL

Rams, Indians
Team for Event

The Indian tomahawk and the Ram butting horns have been put away for awhile, as the two rival schools, Jefferson and Westmoor, have combined forces to present a talent show at the War Memorial Building on December 7, at 7:30 p.m.

Sponsored and organized by the students of each school, nearly 30 persons will be engaged in the show for which tickets are being sold by the participating students at each school. Admission price includes 50 cents for students and 75 cents for adults.

Student organizers for the event, the first of its kind, are Phil Walker of Westmoor and Kado Stewart of Jefferson. Faculty advisers are Mr. McClanahan, Mr. Dewel, and Mrs. D'Amicus of Jefferson with Westmoor teachers Mr. John Ryland and Mrs. Benetta Williams completing the staff.

Jefferson talent will consist of a swinging group with Dorothy Redman, Rodell Lovings and Gloria Richard. Lynn Green will do an African dance that will contrast rhythmically to a Hawaiian dance done by Evetta Boucao.

Westmoor talent will include the tenor voice of Jim Sudduth, singing to the accompaniment of a guitar. The "Elegant Five" a soul dance group will do an act to "Getting Together." This group will soon appear at the California Hall in San Francisco.

Another soul dance group entitled the "Enchanters," dressed in blue pants, pin shirts and white suspenders will also perform. The "Axton Trio" having performed two years ago on the Ted Mack amateur hour, will play familiar folk songs.

Pat Kelly, Westmoor singer, will also be heard that night as will the guitar solos of Dirke Lyman and piano solos of Marco Martinez. Jazz dancer Sylvia Walters will also perform doing a routine to a modern tune.

FORTY-EIGHT CHANTING VOICES of Westmoor High School's Girls' Glee Club performed at the annual luncheon of the Lions' Club and Daly City Colma Junior Chamber of Commerce.

Besides traditional Christmas carols, the girls sang original music written by a student of Howard Loefflers music theory class. Under their student leader, Brenda Wells, the group sang "Star of Bethlehem," "O Holy Night," "O Come All Ye Children," "Hav-nukkah Holiday," and "Winter Wonderland."

Continuing another annual tradition, the Girls' Glee Club will tour the halls of Westmoor December 15, singing Christmas carols.

WESTMOORS' FUTURE Business Teachers of America chapter has gone into business: compiling Westmoor's first student directory.

The directory, which is now being readied for publication by club members, will be on sale in about three weeks for a nominal price.

Although the directory does not pretend to be comprehensive, as only students who voluntarily gave their addresses and phone numbers, are included, the FBIA is the first group to publish such a compilation.

After students type the copy, it will be sent to Kennedy Press for printing. Printing costs will approximate \$325, but other expenses throw the budget to \$500.

DECEMBER 14 is the last day for seniors to submit applications for California State Scholarships.

Each applicant must have taken the Scholastic Aptitude Test given on November 4 and December 2 to be eligible. SAT scores must be forwarded to the State Scholarship and Loan Commission.

Library Friends Set Book Review

The Friends of the Daly City Library will hold a book review at 10 a.m. tomorrow in the Coral Room of the Westlake Library, 275 Southgate Avenue.

The speaker, William Bartels, district manager of Doubleday and Co., Inc., will select several currently popular books for review.

He will assist members and guests who need help in choosing a book for someone on his Christmas list.

Bartels has a varied background in the field of books and library work. He obtained his library science degree at the Western Reserve University in Cleveland, Ohio. His first experience in library work was driving a bookmobile among the people of Amish and Menonite background.

He later was a librarian at Arizona State University at Tempe and the Phoenix City Library and as the district librarian of the Phoenix High School system.

With Doubleday, he is in charge of contacts with the schools and libraries of this area.

Before the program there will be a social hour with refreshments provided by hostess chairman Mrs. William Casburn and her committee. The public is invited without charge.

PLAN LUNCHEON — Mrs. Jack Tomlinson (left) of 420 Lakeshire Avenue, Daly City, president of the Women's Faculty Club of San Francisco State College, Mrs. Paul Hale, center, of 2510 Carmel Drive, San Bruno, and Mrs. Frank Vercucci of 2511 Tipperary, South San Francisco, met recently to plan December 7 luncheon at Alta Mira Hotel in Sausalito.

Pacificans Host Job's Daughters

Bethel 348 of Pacifica entertained Job's Daughters from Larkspur, San Francisco, the Peninsula and Oakland and Fremont last week at their semi-annual visiting Bethels night.

Newly elected officers for next term are Miss Susan Borras as honored queen; Miss Linda Alexander, senior princess; Miss Kris Paymiller, junior princess; Miss Kathy Paymiller, guide, and Miss Diane Howell, marshal.

Bethels 66, 255, and 348 were guests of Parnassus Lodge in San Francisco for an exemplification of their work. Worshipful Master James Tracey, was the host and honored guest when his granddaughter, Miss Beverly Woodworth, honored queen of Bethel 68, San Bruno, presented him with a Member of Honor certificate.

The local Bethel took a mystery trip and attended St. Edmund's Episcopal Church in Linda Mar on December 3.

Farwell Night and Proficiency was Monday, and the new guardian council members were installed by Mrs. Lucy Warren, grand guide of California and deputy grand guardian.

Serving as the adult advisors on the Bethel Guardian Council for next year will be:

Guardian, Mrs. Virginia Howell; Associate Guardian, Ed Warren; Guardian Secretary, Mrs. Gladys Sitts; Guardian Treasurer, Robert Windhorst; Director of Music, Mrs. Sallyann Borras; Promoter of Sociability, Mrs. Vivienne Paymiller; Paraphernalia, Mrs. Margaret Clodfelter; Finance, Mrs. Rita Kinney; Director of Epochs, Harold Sandkulla.

Others who will be serving as chairmen will include Mrs. Dorothy Windhorst, Mrs. Carol Elliott and Mrs. Polly Alexander.

The incoming-outgoing honored queen's lunch will be December 9 at the New Southern.

The Grand Guardian Council of California International Order of Job's Daughters' annual business session was held recently in Sacramento.

Local area delegates attending included Mr. and Mrs. Ed Warren and Mrs. C. W. Howell of Pacifica; Mr. and Mrs. W. A. Fox of South San Francisco and Miss Doris Traeger of San Bruno.

Girls from the three local Bethels in Mrs. Warren's district traveled to Sacramento to give the flag tributes and escort the flags. Mrs. Marian (Pete) Wikeen, director of music for Bethel 255 served as the musician.

Others from Bethel 255 were Honored Queen, Miss Ida Minnich; Senior Princess, Miss Laura Oliver; Chaplain, Miss Diane Petroff; and Miss Peterson who gave the tribute to the American flag.

Bethel 68 — Miss Beverly Woodworth, honored queen, and Miss Carol Miller, junior princess.

Those accompanying the girls to Sacramento were Mrs. Carl Miller of San Bruno, Mr. and Mrs. Art Paymiller, Miss Kathy Paymiller and Honored Queen Miss Lesley Windhorst of Pacifica; Mrs. Max Petroff, Mr. and Mrs. Les Oliver and Mrs. H. A. Peterson of South San Francisco joined the group in Sacramento.

Miss Lesley Windhorst, honored queen of Bethel 348, Pacifica, served as the escort for Mrs. Warren during formal installation ceremonies.

Also installed as a deputy grand guardian for this district was Mrs. Irene (W.A.) Fox of South San Francisco.

SEASONAL SHOPLIFTING

Westlake Merchants
Are Taking Action

By FRANK LAPIERRE

You better not shout, you better not pout, you better not cry, I'm telling you why . . . Santa Claus is coming to town.

And with Santa every year comes another type of person the dreaded "seasonal shoplifter."

But this year merchants in the North County are determined to do something about the latter.

While welcoming Santa with open arms, merchants have bolstered their store detective

forces with off duty policemen who are waiting to welcome shoplifters with not only open arms, but open handcuffs as well.

"Frankly, we are sick and tired of being victimized by these shoplifters every year," one Westlake Shopping Center merchant said.

What hurts the merchants (financially) more than the "pro" is the average householder that steals on the spur of the moment.

"While some of these cases

are rather sad — they steal out of necessity — we must think of the merchants' position too," Police Captain Dave Hansen points out. "Therefore, we treat these cases the same."

Most shoplifting cases are handled as misdemeanors. Some are felonies.

In order to consider the case a felony (far more serious) the fact that a person entered the store with the intent to commit the crime must be proven.

In either case the shoplifter is committing a crime and is subject to arrest and prosecution.

Although shoplifters plague merchants throughout the year they hit hardest during the holiday season.

To date, more than 115 persons have been apprehended during the course of shoplifting in the Westlake Shopping Center by observant store detectives, specially trained for their job.

Clerks are also given an audio-visual training course in detection of known and potential shoplifters. They are especially watchful during this time of the year.

A youth that shoplifts is undoubtedly on the path of committing bigger crimes.

And police are unable to explain the "Average" householder with children in tow who tries to sneak out of the store with items she has not purchased.

That nice "respectable" little old lady must certainly feel the world has caved in on her when she is caught with stolen merchandise, hustled off to the police station while throngs of people watch from the sidelines, fingerprinted and released only to appear at some future date in court.

Shoplifting is a crime, Captain Hansen points out, and as such, people that commit these crimes are, simply, criminals.

The theft of a ten cent item could well ruin someone's life.

And that's nothing to "ho-ho-ho" about.

EYESORE
OF THE
WEEK

WHAT TO DO about wrecked cars cluttering up the local scene, along with those cars which have been "worked on" in the streets and abandoned by their owners, is a mounting problem throughout the county. Daly City councilmen have directed City Attorney Albert Polonsky to investigate the possibility of towing such wrecks away and charging the last registered owner for the service. Whatever action is taken to rid the landscape of these eyesores can't come too soon. (Post Photo)

Our Opinion

Ignoring Deserters

The U.S. Embassy is wise to ignore the four young American sailors who deserted their ship in Japan. Their defection of course is being exploited by Communist Russia, and any attempt by U.S. authorities to contact the quartet would only add to American embarrassment.

Deserting ship when you are a sailor is not an honorable way to "dissent." This is frowned upon even among pirates.

One of the four reportedly told a Moscow television audience that "Our voice represents the people."

They don't represent anyone. They are simply four misguided young men who jumped ship probably because they were bored and couldn't stand discipline. Their opposition to war may be genuine, but their methods for fighting it are unfortunate, to say the least.

Many Americans are opposed to war because they have experienced it. But they are not ready to forfeit their freedom, and they do not desert and make appearances on Moscow radio stations.

The tragedy of much contemporary "dissent" is that it comes from a young America that was born after the death of millions in Europe. These youngsters don't remember Hitler and Mussolini and many have only a hazy recollection of Stalin and the Communist purges.

They were only babies 17 years ago when the Communist Chinese pushed U.S. and United Nations forces all over Korea.

In short, their freedom is taken for granted because in their lifetime it has never been in jeopardy.

Looking at Planners

LET'S TALK ABOUT CITY PLANNERS today, Dear Readers. Are they worth their salt (\$12,000 plus per year in D.C.) for cities under 100,000? Or is it just another case of throwing good tax money after bad.

In Daly City the council not only has a slot (open) for a city planner, but for an assistant as well. What, exactly, are the duties of a city planner? Truth of the matter is we're hard pressed to figure this out ourselves.

The first time an opportunity came along to put Daly City's planners to good use what happened? They obtained the services of what is known as a "professional planning consultant." The cost: \$110,000 for drawing up a General Plan for the city.

In general terms, a city planner attempts to visualize the problems a city will face in, say, 10, 20 or even 30 years, and "guides" the council and staff in making decisions to cope with these factors. But small town planners (and some big town planners as well) have an obstacle in their path — appointed planning commissioners.

Planning Commissioners have little formal training in the system of city planning and are chosen for various reasons including (1) they are liked by city councilman so and so, or (2) because of their professional abilities (carpenters, plumbers, etc.) or even (3) because they feel their prestige will be enhanced.

Again, using Daly City as a guideline, we find that the city planner's duties have for some time been almost limited to suggesting to the Planning Commissioners what signs should be installed where. There has been little else to comment on in the preceding twelve months.

Before making his suggestions the city planner normally channels his thoughts through the city engineer, or perhaps the city attorney — or both. Next step is to bring up the matter of installing a sign or granting a use permit for construction of a tool shed to the Planning Commission who may shoot it down or okay the matter and forward it to the city council.

The city planner sits through the often lengthy discussion and runs back to the council with the commissioners' recommendations.

Now it's the council's turn! Regardless of what the Commission did, or city planner suggested, they have the power to go in any direction they desire.

For example: the city planner and staff put in umptynine hours investigating a matter, bring it up to the appointed Commission who study it further for several hours, make a ruling on the subject, send it back to the city council — who change everything back

to the way they want it. In many cases this has happened and will likely continue to happen.

So we again ask the question: What is the purpose of a highly paid, trained city planner in smaller cities? Or still better: What is the purpose of a Planning Commission in an area that draws up a general plan once every ten years and approves an average of three sign boards a week and a major project (a warehouse or such) once every six months?

Why all the red tape? Isn't city government already too heavy enough?

It seems it's about time either city planners were done away with in small cities; commissioners were likewise exiled; or the planners are given the power they are paid to perform in mapping out a city's future.

FLASHY FLASH — Two D.C. firemen suspended by the chief for breaking that residency requirement. And the police department is still having a hard time recruiting men. Don't ask us why. Ask the police department.

IF SAN FRANCISCO'S mayor Joe Alioto insists on imposing a tax on commuters entering that city, Jeff High Superintendent Ed Morgan suggests San Mateo county establish a tax on San Franciscans EXITING onto the Peninsula.

CROW DEPT.: — No, we ARE NOT going to make any predictions on the upcoming runoff election between Archibald and McCloskey. We've eaten enough birds already this year — turkey, chicken and crow. We can only say that there are persistent rumors circulating that STB WILL RUN in June.

ADD TO ELECTION — One D.C. citizen, who is prominent in many civic organizations and appointed to a responsible position can't seem to make up his mind whether to run in next year's local council election. We're betting he will!

SOME HARD-DRINKING members of the South San Francisco Chamber of Commerce were a little green last Wednesday when Dr. Nori Benner, president of the county National Council on Alcoholism finished his talk on the perils of drink.

A few of the chamber members apparently failed to read the C of C bulletin which gave advance warning of the speaker's subject, and showed up in the banquet room with drinks in hand.

The red faces changed to green after Dr. Benner touched on alcohol's debilitating effects upon the liver, heart, kidneys, brain, etc., etc.

Romance With ACT Waning?

The theatre-going public's romance with American Conservatory Theatre may be over: the marriage is now in full swing.

I've been asked by several people, "what's happened to A.C.T.?" And I wonder what they mean. Their opening production "Twelfth Night" wasn't the ecstatic affair that "Tartuffe" was the season before but there's a difference in the plays, the production standards were just as high.

The public's reason for concern centers mainly on reports that some of their best people are leaving. Why shouldn't they? Theatre is a business, acting is a career and in almost all cases, other more artistically attractive offers lured them away. For some it brought the actors the success they sought, others might be having second thoughts about the "good old days at the Geary."

Richard Dysart, a powerful, versatile and popular actor was the first to break away. He asked for a leave of absence to play Horace in the Lincoln Center Repertory Company's "Little Foxes" which opened to rave notices in October (several singled Dysart out as the best in the company) and is so successful a show, it will move to Broadway's Ethel Barrymore Theater in January. It is selling out every night and stars Anne Bancroft, George C. Scott, Margaret Leighton, E. G. Marshall and Austin Pendleton, another A.C.T. dropout.

★ ★ ★

BOTH ACTORS ARE EXPECTED BACK TO SAN FRANCISCO but "The Little Foxes" is slated to tour. Michael O'Sullivan, known from his Actor's Workshop days to be temperamental, quit the company and returned to New York. He was outspokenly critical against Lincoln Center Repertory when he left to join A.C.T. so its questionable whether he'll return to that company. His complaint about Bill Ball's company is that "he didn't get the kind of roles he wanted to play." And yet he had seemingly good roles, and got good reviews.

Carol Teitel took a leave to be with her husband while his play opened on Broadway. She's expected back, as is Sada Thompson who accepted a role in a Broadway show, "Johnny No-Trump" that lasted for one performance. She may well wish she had stayed here, but show business is a gamble and if performers don't take chances, they're of no value to themselves or the profession.

Latest resignation, and one that will be sincerely regretted by theater-goers is Rene Auberjonois and his wife Judith Milhalji. Rene is the unparalleled "star" of "Charley's Aunt" and "Tartuffe." He was offered the role of Dauphine in "St. Joan" at Lincoln Center, New York opposite Diana Sands. Since other members of the company had asked for and been granted leaves, he expected the same treatment.

But the circumstances were different, Ball asked him to wait until his contract ran out in January and bad feelings set in. All we can do is hope that Ball will woe Auberjonois back into the fold because the company won't seem the same without him.

★ ★ ★

MEANWHILE, SOME EXCITING NEW PEOPLE HAVE BEEN ADDED to the resident company. There is no reason for the public to feel that everything isn't going alright with the group we worked so hard to get and are so proud to call our own.

Much of the slump in enthusiasm is because they're doing revivals of last season's shows. But there are considerable cast changes in these productions, maybe for the better and meanwhile, the company is working hard on new shows for next year. And maybe when that cycle starts, the romance with A.C.T. will return.

Really 'Wholesale'?

QUESTION: I have received many Christmas catalogues offering jewelry, toys, luggage and household appliances at wholesale prices. How can I be sure that these items are actually being offered at wholesale prices?

ANSWER: Have you ever heard the saying "You can't cheat an honest man; you must find someone who expects something for nothing." It is surprising how gullible the person who cannot resist a bargain can be. Last year a so-called wholesale catalogue advertised a "100 jewel watch" for an alleged half-price of \$87.50. Inspection of the watch revealed the watch had only 17 working jewels instead of the advertised 100 jewels. The other 83 jewels were inserted in a plate fastened to the back of the watch.

QUESTION: How can I tell a phony on the telephone?

ANSWER: Consider any call questionable if the caller refuses to give an identification. Also be skeptical if the caller claims to be conducting a survey and wants to set up an interview. Be wary of the person who says he is not selling but wants to interview for advertising purposes. Check the caller who in-

forms you that you have been selected to receive a "free gift."

QUESTION: Are all charity donations deductible?

ANSWER: The Internal Revenue has ruled that just the amount over the fair price of the entertainment is deductible.

QUESTION: Are paper clothes fire hazards?

ANSWER: Manufacturers of the new fashion paper clothes admit that washing removes whatever flame retarding finish the paper might contain. People are urged to throw away paper clothing when it becomes soiled.

QUESTION: Can garments made of permanent press material be altered?

ANSWER: Permanent press is a process of treating fabrics made of a blend of polyester and other fibers so that they will permanently retain their press and shape. Be sure any garment made of such permanent press material fits properly as it cannot be taken in satisfactorily and, if it is let out, the original creases will remain. Complaints to the BBB Fabric Division involving men's suits, pleated skirts, etc., make it clear that once the creases are put into the fabric they cannot be changed.

Good vs. Evil

Can good come from evil? This is the question that bothers John the Baptist in Carlo Montersso's novel about Jesus of Nazareth.

There are three parts: the testimony of John the Baptist; the testimony of Judas Iscariot and the testimony of Thomas, the Doubter.

All three are lumped into an esoteric stew flavored with hidden meanings and calculated to bristle the hair of the readers.

In the first section John the Baptist is forced to resist what seems to be Jesus' political ambition. Jesus is pictured as the originator of a party that is organized to lead the Jews from dreams of a coming Savior into acts of non-violence that will prufy the Spirit of the nation until it corrodes the Roman Empire and conquers it.

JOHN QUARRELS with Jesus' methods, and herein lies the things that will make a phalanx of defenders of the faith.

Part Two pictures the 12 apostles as the executive body of a party that Jesus has formed. Judas sees Jesus as a leader who has power to direct a great movement, but is weakened by his own doubts about the ideals that he has formulated.

Philip, Simon and Thaddeus are seen as disruptive spirits who resemble those found in most great movements of history. The role of Judas is similar to that

drawn in Kazantzakis' "Last Temptation of Christ."

The third part of "The Salt of the Earth" is written by Thomas as retrospect and leaves him with an eternal question: was Jesus resurrected or was it all a trick that saw somebody else crucified instead of Jesus?

"THE SALT OF THE EARTH" is filled with meanings that are hidden behind a frassade of doubt. It probes for hidden motives behind the acts and words of Jesus.

It calls up the question: who has the most faith — he who accepts and believes or he who has doubts but accepts with the hope of conquering his doubts?

It deals with honesty. Is it a breach of honesty to compromise one's morals to achieve an end that is beneficial? Can progression result from dishonest conspiracies?

Finally are good and evil completely relative to the individual or the group? Do the ends in human conduct justify the means?

"The Salt of the Earth" is not a Sunday School book. Its picture of Jesus is completely unorthodox and unacceptable to a practicing Christian.

BUT SO ARE the pictures in "The Crown and the Thorns," "The Silver Chalice," and the latest movie about Jesus Christ.

"DENTAL HEALTH FACTS"

Small cavities in the teeth can be filled more easily and with less discomfort than large ones. If decay is neglected it leads to infection and abscess formation. An infected tooth is a hazard to good health and often must be removed. A tooth that has been lost should be replaced by an artificial one. If it is not, the other teeth will shift. This shifting may lead to more decay and to diseases of the gums. Irregular placement of the teeth should be corrected for many reasons: To improve appearance, speech, and the ability to chew foods and to help prevent other dental diseases. Have your dentist check for cavities and follow his recommendations if treatment is needed.

Dr. Campbell tries to limit his practice to the making of dental plates, partial plates, removable bridges and extractions for same; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth. Dentures are not as efficient as healthy, natural teeth.

New Leader For DC Girl Scouts

Mrs. Jeanne Kennaugh is the Daly City Area Girl Scout Association Chairman.

Active in Girl Scout work for some time, Jeanne was born in San Francisco, a graduate of George Washington H.S., and holds a degree from University of California, Berkeley.

Jeanne's husband, William, is a partner in Henry Mettler & Co., CPA's.

Recently he was nominated for a position in the Westlake Improvement Association. The Kennaughs have been married 10 years and are the parents of Billy, 7, and Cindy, 5.

Jeanne undertook leadership with Girl Scouts prior to her own daughter's eligibility for Brownies.

She has been a co-leader and is presently a leader of Troop 758.

In addition to scouting, she is a member of Florence Crittenden circle and serves on the Merit Commission for classified employees of the Jefferson Elementary School District.

She also serves the Franklin Roosevelt P-TA as ways and means chairman.

Among the aims of an association chairman, are to develop a plan of work for Girl Scouting in the association's jurisdiction providing primary services to troops; to utilize the Council's plan of work; to develop a plan for an effective service unit structure and see that effective personnel are recruited, trained and serving troops.

Additionally, the chairman tries to maintain contact with key community persons and groups representing a cross-section of leadership within the jurisdiction; be informed of developments and changes within the community which might affect Scouting and find ways appropriate for relating Scouting to the community needs.

Jeanne sees the local association as a unification of two

smaller areas within the community.

She hopes to relate Scouting to the community, to serve girls, enlist sponsors where possible, and organize more aids for leaders.

FEAST Funds Feed Cap Food Training Facility

F.E.A.S.T. (Foods Education and Service Technology) is a program at Capuchino High School for students who think they might like to go into the line of restaurant and hospitality work.

The FEAST program is a San Mateo Union High School district program, Cap being the center for the district. Presently there are 17 people enrolled in the class: eight from Capuchino, four from Crestmoor, four from Mills and one from San Mateo High.

FEAST, which receives federal aid, was first organized at Pacific High and Oakland Technology schools. Capuchino was next to join in the second year of the program. To the student taking FEAST, it is a two-year program taken in his junior and senior years. In his junior year he has three classes a day that include food service math, to make up the math requirement; food service English, in which he learns the terms used in business; and a food service lab, where he learns how to cook and prepare meals.

In the second semester students do not formally meet for the three classes. During this time they are bussed out to various cafeterias in Millbrae to gain work experience. During the senior year they meet in just one class that is work orientation. This is taken in conjunction with work experience, which is a job at which the student has chosen to work.

The FEAST Corporation is an extra activity for students who want to take it. They do such

things as cater and serve dinners, with profits used for extra field trips. This year they also have started a scholarship program.

Officers are elected yearly in FEAST. This year's are: president, Tony Antonini; vice president, Jim McCauley; secretary, Paula Davis, and treasurer, Linda Kerwin.

Oceana Schedules Holiday Concert

The music department of Oceana High School, under the direction of Alan Harvey, will present a special Holiday Concert in the Oceana gymnasium December 14, at 8 p.m.

All proceeds from the concert will go into a special fund to purchase a concert grand piano for the school.

The concert will feature the 50-voice Oceana a cappella choir. Special selections to be performed by the choir will include "Carol of the Bells", and the "Hallelujah Chorus" from the "Messiah." Other groups participating in the concert will be the Oceana Concert Band, which will open the program with Leroy Anderson's "Christmas Festival," and the Girl's Glee, which will sing some traditional Christmas favorites, including a special "Jingle Bell Medley" arranged by Harvey.

This will be the first evening Christmas program presented by either Pacifica high school.

The Oceana a cappella choir is sponsoring the program as part of their year-long fundraising project to buy a grand piano, which is desperately needed at Oceana.

The choir, under the leadership of president Vickie Guess, has already accumulated some funds through pen sales and other projects.

The admission charge will be \$1 for adults, and 50¢ for students and children.

Tickets may be purchased from any Oceana music student and at the door.

Tickets may be reserved by phoning the office at Oceana. Seating capacity is limited.

Cooking Up a Party At Westmoor High School

Chicken wire, red and white tissue paper, fuchsia, apple green, and slicker yellow felts, and egg cartons fill one home-making room at Westmoor, while the other room emits aromas of pineapple yeast, ginger spice, and dates as the home-making department prepares for its annual Christmas tea on Wednesday, December 13 from 8:30 a.m. to 2:30 p.m.

Under the direction of home economics teachers Mrs. Aileen Kelly, Mrs. Susan Bass and Mrs. Margaret Rossander, home-making students are baking various types of "goodies" and sewing for parents, neighbors, and teachers who have been invited to share in the girls' celebration of the holiday season.

For three weeks girls taking classes in foods have been experimenting with recipes suitable for the party. Taking the most successful ones they are baking, decorating and freezing the goods. On December 13 they will be heated and served. The recipes this year will include some foreign specialties such as the French petticoat tails, Madrid twists, the Greek Kourabiedes, and the Norwegian Berliner-Kranser. There will also be about 35 yeast breads, braided typed twists, and wreath shaped varieties with pineapple, cherry, date nut and other fillings. Nut breads will also make their appearance in various flavors.

Candy, an extra treat this year, has also been made by the girls. Chocolate covered cherries, fondants, butterscotch-nut rolls and fudge will tempt the sweet-toothed spectators. The party will take place in the home economics division of Westmoor. Being used as the serving area will be the center dining room which will be adorned with white and multi-colored peace doves suspended from the ceiling. An eight-foot picture window will be sprayed with the word "peace" in the true fashion of the Christmas season. A large dining table decorated with holly and greenery will hold the baked specialties, punch and coffee. The girls' be two rooms filled to capacity with Christmas projects the Adjoining the dining area will girls have created.

SATISFYING sweet-tooth favorites are easy to make when you start with refrigerated cookie dough. Add a touch of sophistication to your cookie plate with Buttersweets. These crisp cookie rounds are topped with tangy cream cheese and glistening melted chocolate. For the younger set, serve Carmelitas — a chewy confection of caramel and nuts atop a layer of chocolate chip cookies.

It's Surprise Season —Reach for Cookie And Get a Candy

It's a season for surprises, and what could be more fun than to reach for a cookie and get a candy as well. To match such visions of sugarplums, try these festive cookies.

Reminiscent of yummy pecan logs, Carmelitas can be made in minutes with refrigerated chocolate chip cookies. Bake as a bar cookie, then top with a chewy layer of melted caramels and chopped pecans.

For a new twist to chocolate-covered cherries, choose Buttersweets. Here, petite sugar cookies are topped with fluffy cream cheese, pink with cherry pieces. For the finishing touch, drizzle melted semi-sweet chocolate over all. Adapt this versatile idea to other cookie favorites, too.

You'll want to remember these confection-type cookies for special days all through the year.

CARMELITAS

¼ cup light cream or evaporated milk

1 roll Refrigerated Chocolate Chip Cookies

1 cup (6-ounce package) milk chocolate or semi-sweet chocolate pieces

½ cup chopped pecans

Oven 375 degrees, 36 square.

Melt caramels with cream in top of double boiler.

Slice cookie dough 2-inch thick and place in bottom of greased 8 or 9-inch square pan.

Slice cookie dough ¼-inch thick and place in bottom of greased 8 or 9-inch square pan.

Bake at 375 degrees for 20 to 25 minutes or until lightly brown.

(Cookies will be puffy when removed from oven.) Cool slightly.

Sprinkle chocolate pieces over warm cookie base; then carefully spread with caramel mixture and sprinkle with pecans. Refrigerate 1 to 2 hours and cut into 36 squares.

2 tablespoons flour

2 (3-ounce) packages cream cheese, softened

½ cup chopped maraschino cherries

1 drop red food coloring

Topping

1 cup (6-ounce package) semi-sweet chocolate pieces

¼ cup butter

Oven 375 degrees, 36 cookies.

Slice cookie dough 1-inch thick, and cut each slice into four quarters. Place on ungreased cookie sheet and bake at 375 degrees for 10 minutes or until golden brown. Indent each center upon removal from oven; cool completely.

Filling: In small mixer bowl cream sugar, flour, and cheese until smooth. Stir in cherries and coloring. Drop by teaspoonfuls on baked cookies. Allow to set.

Topping: Melt chocolate pieces and butter over low heat. Spoon over cream cheese filling and cookies.

Tip: Flavors of cheese filling may be varied and used with different cookie bases. Some ideas are:

Quick Bread That's Sweet, Substantial

A sweet and substantial quick-bread loaf.

Ham Sandwiches Deviled Eggs Whole Tomatoes Pickles Fruit Wholewheat Date Loaf

WHOLEWHEAT DATE LOAF

1½ cups sifted regular flour

1½ teaspoons baking soda

1½ teaspoons salt

1 cup stoneground 100 per cent wholewheat flour

1 package (8 ounces) pitted dates, cut medium fine

1¼ cups boiling water

1-3 cup butter or margarine, soft

1 cup firmly packed light brown sugar

1 large egg, slightly beaten

¼ cup chopped walnuts

Grease bottom of 9 by 5 by 3 inch loaf pan; line bottom with wax paper. On wax paper sift together the regular flour, baking soda and salt; stir in wholewheat flour. In a large mixing bowl, pour the boiling water over the dates; stir in the butter and brown sugar; cool; stir in egg and walnuts. Add sifted dry ingredients; stir enough to moisten thoroughly. Turn into prepared pan. Bake in a moderate (350 degrees) oven until a cake tester inserted in center comes out clean — about 70 minutes. Turn out; remove paper; turn right side up; cool. This loaf can not be cut into very thin slices even after overnight storage.

Frosted Orange Cake Beverage

NEW BATTER PUDDING

¼ cup butter

½ cup waterground white cornmeal

1 teaspoon salt

½ cup cold milk

1½ cups scalded milk

4 large eggs

Melt butter in a glass baking dish (10x6x1½ inches) in a 350-degree oven shortly before batter is turned into dish so butter and dish are hot. In a medium saucepan, stir together the cornmeal, salt and cold milk; gradually stir in the scalded milk, keeping smooth. Cook and stir constantly over moderately low heat until thickened; set aside. In a medium mixing bowl, beat eggs until thickened and pale yellow, gradually and smoothly stir into cornmeal mixture. Pour into the prepared baking dish. Bake in the 350-degree oven until puffed and set — about 35 minutes. Serve at once. Makes 6 servings.

A TOUCH of liquid smoke to a can of salmon transforms this attractive dish into a gourmet treat. It's equally interesting and inviting to serve as a hot appetizer at a holiday party.

Smoked Salmon Is Delicacy of World

One of the great delicacies of the world is smoked salmon. Rating next in importance to fresh caviar as a luxury appetizer, it is a favorite among peoples of many lands and many cultures. In Scandinavian countries it's made into salads. In Germany and Russia it's cut into paper thin slices against the grain and served on slices of buttered pumpernickel bread. In Jewish cooking it's known as lox, and is served with freshly-baked bagels.

Yet as good as smoked salmon is, it has two strikes against it. It's not readily available throughout the country, and it is frightfully expensive. Now, however, everybody can enjoy a delicious facsimile of smoked salmon at a most reasonable cost. Here's how: Simply open a 7½-ounce can of salmon. Add ¼ teaspoon liquid smoke to the liquid in the can. Cover top of can with transparent film and refrigerate for at least four hours. Longer won't hurt it. When ready to serve, drain off the smoky liquid. Flake the salmon and pile the large colorful flakes onto squares of buttered dark bread. Sprinkle with a little freshly ground pepper from the mill and add a squeeze of lemon juice. It's quite unbelievable. Close your eyes and you'll swear you're eating the most expensive smoked salmon imported from Scotland or Norway.

There are many ways to enjoy this newly discovered delicacy. Substitute it in your favorite recipes for salmonburgers, creamed salmon or croquettes. Stir it into leftover mashed potatoes with an egg yolk. Drop the batter from a spoon into hot fat and fry until the smoky-flavored fritters are a golden brown. Drain on absorbent paper. Make them good-sized for supper or tiny for hot appetizers. Here's still another unique appetizer made from smoke-flavored salmon.

Smoked Salmon Rolls
Add ¼ teaspoon liquid smoke to a 7½-ounce can of salmon. Cover and refrigerate for several hours. Roll out pastry for a 1-crust pie into a 9-inch circle. Drain salmon, flake it and sprinkle the flakes over the pastry circle. Sprinkle with freshly ground pepper and a little finely chopped green onion, chives or capers.

Cut the pastry circle with its garnish into 8 wedge-shaped pieces. Roll each wedge tightly from outside wide edge to the point. Arrange the rolls on a baking sheet and brush with beaten egg. Bake in a preheated 425 degree F. oven for 15 minutes. Serve hot.

In Russia a favorite party salad.

Fireside Lounge Plans "After-Hour" Schedule

BY POPULAR DEMAND, Mr. Clean and his Uncalled Four are back on the bandstand at Phil Maita and Jack McRae's Fireside Lounge, and business has zoomed to an all-time high.

Phil Maita

Popular Mr. Clean and his aggregation of sound pleasers are made to order for this San Mateo bistro, which also features an All-Girl Topless Revue on the seven-nights-a-week entertainment agenda. The latest addition to the fun program is an "After-Hours Show" on Saturday and Sunday mornings from 2 a.m. until 6 a.m. featuring Sly and the Family Stone. Phil, who has more ideas than there are Fortune Cookies, is even talking about serving sandwiches during the after-hour stints. One thing for sure — ACTION is what you'll find at the Fireside Lounge...

LEW LEHR'S STEAK HOUSE in San Francisco's Marina has been the dining headquarters for the CBS-TV crew assigned to come here to TV the basketball, football, ice hockey and other major sporting events in the Bay Area. They love Lew's steaks!... There's a double treat in store for you when dining at Bruno's, San Francisco. First, of course, the food. Then comes hundreds of clever caricatures depicting the city's leading figures in business, labor, professional and sports activities. Quite a collection for guests appreciating the aesthetic in affairs d'art... Pryce Williams of the new Three Eve-ettes trio now appearing at Finocchio's, the house of female impersonations, scores big whenever he does his single version of "Day In, Day Out." Incidentally, the trio does a fine job of chorus numbers a la the famous Las Vegas shows.

LUCIEN SABELLA, host-owner of the plush A. Sabella's Fisherman's Wharf restaurant, has some remodeling plans in mind for the Capri Room cocktail lounge which should make it one of the most outstanding dine and dance spots in the West. The beautiful dining room offers a view of the busy Wharf with its surging sight-seeing throngs. "Best for Banquets" is the theme here, and the reservations book backs it up... Robert Perez is the new chef at the El Patio Mexican restaurant, Menlo Park, and a more qualified culinary artist would be hard to find. From Guadalajara, Robert has worked for restaurant owners Jim and Shelly Llewellyn in their various dining locations for over two years. You'll rave about his authentic Mexican dishes... Stressing family dining, the J and G restaurant welcomes children, and the moderate prices are easy on dad's wallet. Veal Scallopine and Chicken Cacciatore are just two of chef Joe Selmi's specialties.

ALTHOUGH NOW SERVING, the elegantly remodeled Chez Michel dining room in the Thunderbolt Hotel, Millbrae, will make its official debut Thursday evening, December 7. Manager of the beautiful lounge-dining room is Helmut W. Steigerwal, a native of Frankfurt am Main, Germany, whose education in Continental cuisine and beverage management is quite extensive. After spending eight years in Shanghai, China in a managerial position with the famous Ciro's Night Club, he was engaged by the French Shipping Lines to manage the dining facilities on the luxury liner, The Antillas. He later settled in Caracas, Venezuela and spent a number of years in the import business, managed the Mane Grande Club, and was co-partner-owner of the Cinderella Night Club.

Record Breaking Year For The Villa Hotel

Steve Norton bounded into your Bright Lighter's office, the other a.m., with the news that this is a record-breaking year for the Villa Hotel complex. Norton, who is Director of Sales for the hotel, reported that the rooms; banquet facilities; Villa Lounge, featuring the soft dance music of George Cerritti and his Combo; the 24-hour service of the Villa Coffee House, and the plush Upper Level "Just for Steaks" are all headed for banner years.

Augie's Ideal For Office Parties

Whether it's in the afternoon or evening, Augie's popular Third Avenue restaurant is ideally located for special office parties. During the noonday hours, before and after lunch, try their double Martinis for just 75 cents. Entertainment and dancing on weekends; no cover charge.

Not only does Vince Licata proudly boast of a thriving Italian and Seafood restaurant, which has been considered the "Fisherman's Wharf" of the Peninsula since 1945. His next-door delicatessen offers a wide variety of fresh seafood and poultry which San Mateans wouldn't think of buying elsewhere.

Christmas shopping days are now in full "hustle-bustle bloom" — which means it's time to purchase those Villa Chartier, Lanai and Lanai Liquor Store Gift Certificates. They're accepted in any of these establishments at any time of the year and are ideal gifts for those who have everything — including particular appetites.

Sooner or later, visitors to San Francisco dine at the Exposition Fish Grotto on Fisherman's Wharf, and they always return home with nothing but praise for the food and service. Even in Cut 'n' Shoot, Texas, you can casually mention Owner Sil Oliva's name and you're likely to find someone who knows him.

THE CHEZ MICHEL ROOM — With all remodeling completed in the Thunderbolt Hotel's new Chez Michel dining room, the plush dining area is now available to the public for any festive occasion. Complementing the room is a new and selective menu, plus an extensive wine list.

The "New" Black Angus Western- Style Buffet

A certain California gent visiting the Peninsula on business has been a regular dinner patron of the Black Angus Chuck Wagon, these past two weeks. Certainly not a "cowboy" in the traditional sense of the word, he can't get over the western-style buffet spread offered by the Black Angus, which, by the way, is now under new management. Chuck Wagon Stew, Country-style Fried Chicken and Cowboy-style Beans are a few of the typically western dishes made popular by this "All you can eat" Chuck Wagon. A fish entree is also offered every day of the week.

After once talking to Helen Trainer, matriarch of the clan who own Scotty Campbell's, in Redwood City, it's easy to understand how her daughters, Mary Lou Francis and Theresa Urban, can be so charming. Having an uncanny ability to put people at ease, this remarkable lady also has a good head for business. The fantastic success of the family's Wisconsin resort will attest to that fact.

Sherried Figs Tasty Dish

Stuffed Roast Veal Shoulder
Potatoes
Salad Bowl
Ice Cream with Sherried Figs

SHERRIED FIGS
1 pound 18 large table figs
2 cups medium-dry sherry
1 vanilla bean, broken into 6 pieces

In a ceramic jar container put all the ingredients — the sherry should just cover the figs. Cover. Allow to stand at room temperature for several weeks before serving so that the vanilla flavors the sherry and the sherry flavors the figs; the sherry becomes sweeter and thicker. Use one fig with a little of the flavored sherry as a topping for each portion of vanilla ice cream. Keep any leftover figs in the container at room temperature. Any flavored sherry left after all the figs have been served makes a delicious after-dinner offering to serve in tiny cordial glasses.

When you are arranging shrimp cocktail, allow at least four shrimp for each serving.

Hearty Party Appetizers Make a Successful Hostess

During the holidays, party hopping is a very popular activity and it is the wise hostess who serves substantial appetizers. Then, if guests do not have time for dinner during their rounds of early party going, they are pleasantly and deliciously satisfied to wait for a late, late supper. Meat balls in a piquant brown mustard sauce, flavored with a touch of lemon, are filling and delicious. Another hot appetizer which we should like to suggest had its origin in Belgium. It is an egg and shrimp mixture with the interesting flavor notes of parmesan cheese and mustard. For exciting cold dishes, serve a cheese and ham spread with an assortment of crackers or breads, and little cheese balls, zesty with the addition of brown prepared mustard. These delicious cheese balls can be served on toothpicks for easy pick-up bites.

Meat Balls in Mustard Sauce
3 slices white bread

6 tablespoons water
1 small onion
1 tablespoon butter
1/4 lb. ground beef
1/2 lb. ground pork
1/2 lb. ground veal
1 egg
1 tablespoon Gulden's brown prepared mustard
1 teaspoon salt
1 teaspoon lemon juice
4 cups beef bouillon

Cut crusts from bread. Pour water over bread to cover. Peel and mince onion. Melt butter in

saucepan. Add onions, and saute. Mix together ground beef, pork and veal. Add sauteed onion; squeeze water from bread and add with egg, prepared mustard, salt, lemon juice to meat. Mix together well. Shape into 1 in. balls. Heat bouillon to a boil, add meat balls, and cook slowly for 10 minutes. Remove from liquid. Make up mustard sauce and add meat balls. Makes 30 meat balls.

Some Ideas For Snow Enthusiasts

Snow enthusiasts in from the slopes or just off the ice of the skating rink will welcome hot or cold nourishing milk drinks. And so will a great many other people.

HOT EGGNOG. For 4 generous servings: Separate 4 eggs. Beat yolks until lemon-colored; add 2 tablespoons sugar. Beat egg whites stiff; add 2 tablespoons sugar slowly, beating constantly. Pour 4 cups scalded milk slowly over egg yolks, stirring constantly. Bring to simmering point slowly, stirring constantly. Stir milk into egg whites; add 1 teaspoon vanilla or rum extract and a few grains of salt. Pour from prettiest pitcher or ladle from warmed bowl. To make it really fancy, garnish with whipped cream and a dash of nutmeg.

HONEY-ORANGE PUNCH. For 6 generous servings, combine 1 can frozen orange juice (diluted according to directions), 3 cups milk, 1/2 cup California honey and 1/4 teaspoon salt in blender or mixer. Serve cold.

BROWN BOOSTER. For 4 servings, add 4 teaspoons dark brown sugar and 2 teaspoons molasses to 1 quart milk; stir until well blended. Heat just to drinking temperature or serve cold. Sprinkle with nutmeg.

PRU-ANA AU LAIT. For 7 servings packed with energy: Peel 4 ripe bananas, cut into pieces and place in a bowl. Beat with a rotary beater until well blended. Add 1 quart milk and 1 cup prune juice; beat until well blended.

You can pamper your weekend guests anytime of the year with crisp tender homemade waffles if they're served with lots of melted butter and hot syrup. But for a personal touch this month try topping them with sliced sweetened peaches, fresh ones if possible and a dollop of cinnamon-flavored dairy sour cream. Your guests are sure to remember the occasion.

Carpenter Held In Daly City Slaying

A 28-year-old carpenter, wanted for the fatal stabbing of a co-worker at a Daly City construction site surrendered to police.

The suspect, Mose Baker, of 851 Northridge Street, San Francisco, walked into police headquarters accompanied by attorney Charles Gerry shortly after 3:30 p.m. last Thursday.

He is accused of the stabbing death of William White, 42, of 329 Point Lobos Avenue, San Francisco, during a brief scuffle at the corner of Hoffman and Villa Streets Wednesday.

In co-operation with San Francisco units, Daly City detectives led by Lt. Richard Sims, had conducted an intensive search of Baker's known haunts without success.

Baker remained silent following his arrest yesterday and would shed no light on the reasons for the alleged knifing.

Hospital authorities said White had been stabbed six times in the neck and chest and was pronounced dead on arrival at Mary's Help Hospital.

THE POST AUTO WORLD

Both General Motors and Ford Motor Company recently announced revisions in the warranty of 1968 models of passenger cars and light trucks.

Both companies will warrant its passenger cars and light trucks against defects in material and workmanship for 24 months or 24,000 miles, or until the vehicle is sold by the original retail purchaser, whichever comes first.

Both Ford and General Motors extend the warranties for five years or 50,000 miles, whichever comes first, on such items as the power train, suspension and steering components.

Warranties are also provided for second retail purchasers of Ford and General Motors cars.

Garage Door Openers Aid Security

"There is no question about it that open garage doors are often a dead give-away to the residential burglar in picking his next target," according to Burlingame Chief of Police Carl Lollin.

"Our own statistics here in Burlingame indicate that our residential burglars are up 100 per cent for the first seven months of this year. Such an increase can be attributed to negligence on the part of the home owner to take common sense precautions upon leaving his residence unattended," continues Lollin.

Garage Door Openers may be purchased at most hardware and department stores.

Important New California Laws: Assembly Bill 314 raises the maximum speed limit for trucks, buses, and cars towing trailers to 55 miles per hour, except where lower speed limits are posted on highway signs.

Senate Bill 490 creates an Air Resources Board to co-ordinate the administration, research and air conservation activities

within the state. The Motor Vehicle Pollution Control Board and the Vehicle Pollution Laboratory will be absorbed by this new agency.

The board will divide the state into air basins; assume total responsibility for motor vehicle emissions; adopt standards for all sources of air pollution and see that they are enforced; co-ordinate research data and conduct its own studies on air pollution, and review regulations of local and regional authorities to make sure that proper steps are taken to achieve the air quality standards established by the state.

Senate Bill 134 makes it unlawful for anyone to operate a vehicle with the odometer disconnected or nonfunctional, or to reset the odometer to reduce the number of miles shown on the odometer gauge.

With supervised outdoor recreation for school children at a minimum during the school term, youngsters become extremely vulnerable to traffic hazards as they use streets and roadways as playgrounds.

Parents are urged by the California State Automobile Association to remind their children that roadways are never a safe place to play. "Make sure that when they are playing it is away from traffic," the CSAA cautions.

If supervised recreation programs are available, parents are urged by the CSAA to encourage their children to participate in such programs.

Safety posters with the theme "Play Away From Traffic" are being distributed to schools throughout Northern and Central California and Nevada as part of the California State Automobile Association's regular school safety program.

'Assam Fund Sunday' Set At Westside

Conference Baptist Churches across Canada and the United States are being asked to respond to the "Assam Emergency Fund." This will help to alleviate expenses incurred in bringing expelled families from India or relocating them on some other mission field, and also help the national leaders who otherwise would be crippled for lack of financial support.

Sunday has been set aside in Westside Baptist Church as Assam Emergency Fund Sunday. All designated gifts will be forwarded to the headquarters in Chicago, to assist in this program.

"Complete Recovery" is the sermon topic chosen by Pastor A. David Donnelly for morning worship.

A brief challenge will be brought to the congregation concerning the coming Capital Funds Drive, by the general gifts chairman, Alton Swedberg. Special music will include a vocal solo by Per Hillerstrom. Mrs. Ed Brunzell will accompany at the piano.

During the last half of the adult worship hour, Mr. and Mrs. Bill Anderson, student workers, will conduct a Primary Church hour for those children four through seven years of age. A nursery is provided during this service for babies and toddlers.

During the opening exercises of Sunday school, and during the class periods, there will be practice sessions for those involved in the Sunday school Christmas program.

Sunday Church School begins each Sunday morning at 9:45 with 13 age graded, Bible-centered classes.

At the 7 p.m. Sunday Family Fellowship Gospel Hour, Bill Anderson, a senior at Simpson Bible College in San Francisco, will give the message.

Congregational singing will be led by Bill DeLung. Special music for this service will be provided by the Ladies Trio, composed of Mrs. Gilmore Swanson, Mrs. Bill DeLung, and Mrs. Bill Anderson.

December 12, at 9:30 a.m., the Women's Bible Class will meet at St. Andrew's Episcopal Church, 1600 Santa Lucia Avenue, San Bruno. Mrs. Barbara DeLung will teach from the book of Mark.

On December 11 at 7:30 p.m., Douglas Christman, Northern California organizer for Boy's Brigade work, will present a program to interested men of the church, at the James Pollock home, 2440 Bantary Lane, South San Francisco.

Men's Prayer Fellowship will meet December 9 at the church parsonage, 3370 Longview Drive, San Bruno, at 8 a.m.

Wednesday, December 6, 7:30 p.m., Prayer and Bible Study Hour will be held at the church parsonage at 7:30 p.m. today. Pastor Donnelly will lead a study of the book of II Thessalonians. Following the service, the Capital Funds Committee is to meet.

Westside Baptist Church holds its Sunday services in the multi-purpose room of the San Andres School, Inverness Drive and Hickey Boulevard, Pacifica.
